## FOR IMMEDIATE RELEASE:

### **PITCHBOX MEDIA™, THE ONLY SUBSCRIPTION BOX SERVICE FOR JOURNALISTS, IS SET TO SHIP ITS EARTH DAY THEMED SHIPMENT MARCH 2021**

*Over 100 Physical and E-Shipments are Distributed to Approved Media Applicants Who Have Requested Earth Day Theme*

**San Diego, CA (January 4, 2021)** – [PitchBox Media™](https://pitchboxmedia.com), the only subscription box service for journalists, hosts an exclusive shipment devoted to Earth Day this March 2021. The PitchBox Media shipment features trend-worthy brands that represent new solutions for consumers ranging from recyclable materials, biodegradables, sustainable items and other eco-friendly solutions that help protect our planet, said Michelle Metter, CEO of PitchBox Media.

“In today’s climate, the role of the publicist or brand marketer is more challenging than ever,” continued Metter. “Because subscribers to PitchBox Media are the journalists themselves, we ensure that only media who really want and care about a theme or topic are the ones who receive it. This has become an affordable and efficient way to connect with top-tier press for marketers without an agency, or for agencies that represent a brand, a way to level-up current strategic PR efforts.”

The PitchBox Media team selects brands that fit within the current trend. Approved brands are granted access to have a physical product included inside the shipment alongside a personalized digital media room that connects media subscribers with press releases, videos, press-ready images, and more.

Established and newly-launched brands alike still have the opportunity to be among the select products featured in March’s Earth Day themed shipment that will be sent to PitchBox Media subscribers from top-tier media outlets including *Better Homes and Gardens, Bustle, BuzzFeed, Condé Nast, Forbes, Good Housekeeping, Goop, HelloGiggles, HGTV, Marie Claire, OK!, Oprah Magazine, Parents Magazine, POPSUGAR, Reader’s Digest, Real Simple, Romper, SELF, , STYLECASTER, Woman’s Day Magazine*, and more.
